

The Campaign for Santa Barbara County Genealogical Society

September 2010

Let the Construction Begin! It Has Finally Happened!!

The City Building Department approved the issuance of our building permits! This means that after reviewing our plans since last December, we can now begin the construction of our NEW library addition - HOORAY!!

Our Board of Directors has accepted the revised bid of Madera Construction, signed a contract with them, secured our building permit and we now await the arrival of the "back hoe" to commence preparation for building of the foundation!

But, we can't stop now!! There is still more to be done. We just received a wonderful gift from the Jackson Family Foundation, but don't put your pens away just yet. The city is requiring us to add a fire suppression system and several other things that were not included in our original plans. So we now need approximately \$70,000 to complete our Construction Cost Goal.

Take advantage of this amazing offer! You can get double value for your gift right now, thanks to the current generous offer of a member who will match your gift or new pledge contributions up to \$35,000 until OCTOBER 1! So, double your gift by taking advantage of this wonderful offer. You can really make a difference! And we can complete our goal!! Double the Value of Your Gift Now!
